Dear Mr Yunupingu

DIRECTOR

DATE

You would be aware that the recommendation of the Aboriginal Land Commissioner to grant Area 4 of the Mataranka Land Claim (Urapunga stock route) has still not been finalised. I must now act to settle the matter.

The land was approved for grant by a previous Minister, and was then the subject of unsuccessful attempts at negotiating an agreement. I have been advised that I am not bound by the decision of the previous Minister.

I appreciate this matter has been the subject of many submissions to the Government over a long period. If you have anything further to add to the previous submissions, I ask that I receive comments within the next twenty-one days.

Yours sincerely

SENATOR JOHN HERRON

Could you please
peruse the file for with
a view to compiling a
submission (from earlier materials) &
consider for speaking again
with claimants now?
