Community Development Program (CDP)

The Community Development Program (CDP) is the Australian Government's employment and community development program serving people living in remote Australia. There are currently 60 CDP Regions covering more than 1,000 remote communities nationally.

The CDP is intended to improve outcomes in remote communities by increasing participation in work-like activities, improving employability and sustainable work transitions among program participants. It is designed around the unique social and labour market conditions in remote Australia.

The following tables contain information on the CDP caseload, employment placements, 13 and 26 week employment outcomes by CDP region for the 2023-24 financial year. The data in this report only applies to CDP.

These data are collected by CDP providers and entered into the CDP IT System. Delays in entering data may result in changes to the data sets in future reports. On this basis, the data published in this report should only be considered a snapshot representation as at 30 June 2024.

To protect individuals' privacy, cells less than 20 have been replaced with <20. There are times when numbers less than 20 can be obtained. This can occur when subtracting numbers from totals in this report or other publicly available reports. It is best practice to not publish numbers where this can occur. We have replaced these numbers with n.p in these instances.
