ABORIGINAL LAND RIGHTS (NORTHERN TERRITORY) ACT 1976
**REPORT OF THE ABORIGINAL LAND COMMISSIONER
FOR THE YEAR ENDED
30 JUNE 2018**

ANNUAL REPORT

1. This report is furnished to the Minister for Indigenous Affairs (the Minister) pursuant to s 61(1) of the *Aboriginal Land Rights (Northern Territory) Act 1976* (the Act) which provides that each Aboriginal Land Commissioner shall, as soon as practicable after 30 June in each year, prepare and furnish to the Minister a report of his or her operations during the year that ended on that date.

THE ABORIGINAL LAND COMMISSIONER

2. During the year under review, the office of Aboriginal Land Commissioner was held by the Hon John Mansfield AM QC on a part-time basis. The Hon John Mansfield AM QC was originally appointed under s 52(1) of the Act on a part-time basis for the period 23 November 2011 – 30 June 2013. He was subsequently re-appointed for a further term, on a part-time basis, for the period 1 July 2013 – 30 June 2016. On 5 May 2016, the Administrator of the Government of the Commonwealth of Australia approved the re-appointment of the Hon John Mansfield AM QC as Aboriginal Land Commissioner, on a part-time basis, for the period 1 July 2016 – 30 June 2019.

FUNCTIONS AND POWERS OF THE ABORIGINAL LAND COMMISSIONER

3. The Aboriginal Land Commissioner is a statutory officer of the Commonwealth appointed to perform functions outlined in s 50 of the Act. The Aboriginal Land Commissioner's functions include undertaking inquiries into traditional land claims in the Northern Territory of Australia. Related reports, containing findings and recommendations, are provided to the Commonwealth Minister responsible for the administration of the Act and the Administrator of the Northern Territory. The responsible Commonwealth Minister may also request that the Commissioner provide advice on any other matter relevant to the operation of the Act.
4. The major functions of the Commissioner are set out in s 50(1) of the Act, which can be viewed at:
<https://www.legislation.gov.au/Details/C2016C00111>

ADMINISTRATIVE ARRANGEMENTS

5. During the year under review, the Office of the Aboriginal Land Commissioner operated from Jacana House, 39-41 Woods Street, Darwin, in premises occupied by the Department of the Prime Minister and Cabinet (PM&C).
6. During this period, the Commissioner was engaged by PM&C as a statutory officer.
7. PM&C provided administrative support for the operations of the Aboriginal Land Commissioner.
8. The Office of the Aboriginal Land Commissioner can be contacted by email at AboriginalLandCommissioner@network.pmc.gov.au and by phone on (08) 8928 6458. The Commissioner's website is accessible at <https://www.pmc.gov.au/indigenous-affairs/land/aboriginal-land-commissioner>

THE LAND CLAIM PROCESS

9. The Act commenced on 26 January 1977. A total of 249 land claim applications have since been made. As a result of amendments to the Act made in 1987 and 2006 (notably s 50(2A) and s 67A(6)(a)) no new application has been made since 4 June 1997.
10. The tables in Appendix 1 (which are described in detail later in the report) disclose that of the 249 applications lodged:
 - a. 84 have been the subject of inquiries and reports;
 - b. 6 are currently the subject of incomplete inquiries;
 - c. 5 relate only to land which comprises the beds and banks of rivers and/or the inter-tidal zone (ITZ), are not currently the subject of an inquiry, and are susceptible to being finally disposed of in the event that regulations are made pursuant to s 67A(12) of the Act;
 - d. 143 have been disposed of either by way of withdrawal or some other process not involving an inquiry;
 - e. 10 are currently the subject of settlement negotiations which may result in the applications being disposed of without an inquiry; and
 - f. in one case the Commissioner is currently prevented from exercising any function by reason of s 50(2C) of the Act.
11. The Commissioner, together with key parties, made considerable progress towards finalising the unresolved applications in 8b and 8c

(either by agreement and a request for scheduling, or by inquiry and report by the Commissioner).

12. The Commonwealth Government is currently taking steps to add land to Schedule 1 of the Act which would dispose of 5 applications in 8e (Nos 93, 111, 122, 179 and 74) so far as they relate to the functions of the Commissioner. It is anticipated that process will be completed during the next reporting period.
13. Key parties have indicated they expect to reach settlement agreements in respect of the 5 remaining applications in 8(e) during the next reporting period without the requirement for the Commissioner to undertake formal inquiries. In the event that their negotiations towards settlement do not lead to their resolution within the times they have specified, the Commissioner may take steps to list these unresolved claims for hearing.
14. The Commissioner may instigate inquiries into certain further claims within the category referred to in 8(c) in the next reporting period, depending upon the progress of their resolution by agreement or their disposal by any other means.

LAND CLAIM APPLICATION HEARINGS

15. During the year under review, the Commissioner was not requested by either the Northern Land Council or the Central Land Council to undertake an inquiry in relation to any of the land claim applications referred to in sub-paragraphs 8(c) and 8(e) above.
16. The Commissioner took action to instigate inquiries into three land claim applications during the reporting period. An inquiry into the Wakaya Alyawarre (Repeat) Land Claim (No 130) was commenced on 22 August 2017. Separate inquiries into the Peron Islands Area Land Claim (No 190) and the Woolner / Mary River Region Land Claim (No 192) were commenced on 1 February 2018.
17. Land claim Nos 167, 188 and 189 were not resolved in the reporting period because the issue arose as to the extent of the claim areas available as 'land in the Northern Territory' where there is an internal tidal waterway/river, requiring extensive expert evidence. That issue will be addressed in the Reports of the Commissioner on those claims, to be delivered in the next reporting period.

LAND CLAIMS DETRIMENT REVIEW

18. On 6 July 2017 the Minister requested the advice of the Commissioner and issued Terms of Reference under s 50(1)(d) of

the Land Rights Act in relation to the status of detriment issues associated with 16 land claims recommended for grant but not yet finalised, with relevant reports dating from 1981 to 2004.

19. The Commissioner's advice may assist the Minister to proceed with a recommendation to grant Aboriginal land in respect of the relevant land claims where he or she is satisfied that the land should be granted, pursuant to s 11 of the Act.
20. The Terms of Reference for the Detriment Review required the Commissioner to provide to the Minister a written report and recommendations by 6 July 2018. On 11 April 2018, in response to a request from the Commissioner, the Minister agreed to an extension of time until 31 December 2018 for completion of the Detriment Review.

DETAILS OF LAND CLAIM APPLICATIONS

21. Appendix 1 to this report contains details of all applications that have been made pursuant to s 50(1)(a) of the Act. Part I of the appendix lists the applications in chronological order whereas Part II provides an alphabetical list. The tables which follow Part I show the current status of each application.
22. Table 1 lists the reports that have been submitted pursuant to s 50(1)(a)(ii). Eighty-four applications have been the subject of completed inquiries and reports. In one case, Application No 111 (Alligator Rivers Area III), the area known as Goodparla was not dealt with and accordingly that application also appears in Table 3.
23. Table 2 deals with applications which have been disposed of without an inquiry, to the extent that the Commissioner has no further function to perform under s 50(1) of the Act. In some cases the claimed land does not fit the description in s 50(1)(a) and in others the application duplicates a claim in another application. Claims to the seabed below the low water mark are included on the basis that such land is not "land in the Northern Territory".
24. In cases where claimed land has been added to Schedule 1 of the Act, the number and date of the amending Act is shown.
25. In a number of cases applications have been withdrawn in order to facilitate the granting of title pursuant to Northern Territory legislation. Where an application is taken to be finally disposed of by operation of a provision of s 67A, the relevant subsection number is shown.
26. Table 3 has been divided into four sub-categories in order to reflect the current status of each application which is still within the

jurisdiction of the Commissioner. During the year, the parties to each of the applications listed in Table 3 have been required to report on any progress and reasons for apparent delay in the completion of those applications. It is anticipated that there will be progress in the finalisation of some of those claims in the next financial year.

EXPENDITURE STATEMENT

27. The expenditure of the Office of the Aboriginal Land Commissioner is included in the financial statements forming part of the PM&C Annual Report submitted under s 63 of the *Public Service Act 1999* and s 46 of the *Public Governance, Performance and Accountability Act 2013*, and is subject to scrutiny through the Senate Estimates Committee process.
28. The statement appearing in Appendix 2 is based upon information provided by PM&C and has not been verified by the Aboriginal Land Commissioner.

- Note 1: Report No 1 (Borroloola) includes a recommendation which encompasses all of the land claimed in Application No 72 (McArthur River).
- Note 2: On 6 July 2017 the Minister requested the Commissioner to undertake a review of detriment issues relevant to 16 land claims previously recommended for grant but not yet finalised, pursuant to s50(1)(d) of the Act. The Detriment Review is to address land claims the subject of Report Nos 9, 29 and 61-68. The Minister's letter is included at Appendix 2.
- Note 3: Report No 16 (Kenbi (Cox Peninsula)) contains seven decisions on procedural and jurisdictional issues arising in Application No 37 (Kenbi (Cox Peninsula)) between 1979 and 1982.
- Note 4: Applications No 11 (Douglas (Wagaman)) and No 12 (Umbrawarra Gorge-Jindare (Wagaman)) were amalgamated with Application No 32 (Upper Daly) and reported on in Report No 37 under the name of Upper Daly, which was furnished in 3 volumes published on the respective dates indicated.
- Note 5: Application No 18 (Dum-in-Mirrie Island) was amalgamated with Application No 37 (Kenbi (Cox Peninsula)). Report No 40 (Kenbi (Cox Peninsula)) was set aside by the Federal Court of Australia (See Northern Land Council v Aboriginal Land Commissioner (1992) 105 ALR 539). The Application has since been the subject of Report No 59 (Kenbi (Cox Peninsula)).
- Note 6: Application No 111 is a claim to two adjacent former pastoral properties known as Gimbat and Goodparla. The inquiry in relation to Goodparla was adjourned for hearing at a later date. In Report No 48 (Jawoyn (Gimbat Area), Alligator Rivers Area III (Gimbat Resumption-Waterfall Creek) (No 2) Repeat) the part of the

claim in Application No 111 dealt with is described as the Jawoyn (Gimbat Area) Land Claim.

Note 7: The land recommended for grant in Report No 49 includes the whole of the land claimed in Applications No 34 (Borroloola No 3) and No 117 (South West Island).

(d) Application requiring consent pursuant to s 50(2C)

Application No.	Name of Claim
6 Note 19	Cobourg Peninsula

Note 13 Application No 74 is the subject of a settlement agreement and relevant land is expected to be added to Schedule 1 of the Act in the next reporting period, enabling a future grant of Aboriginal land and finalisation of the claim.

Note 14: Application Nos 93, 111, 122 and 179 together are the subject of a settlement agreement and relevant land is expected to be added to Schedule 1 of the Act in the next reporting period, enabling future grants of Aboriginal land and finalisation of the claims. Also see Note 17.

Note 15: The parties have advised that Application No 127 (Kenbi (Cox Peninsula – Section 12)) will be withdrawn when agreed actions associated with the resolution of Application No 37 (Kenbi (Cox Peninsula)) have been finalised.

Note 16: Application No 128 was the subject of a settlement agreement in 1999 and most of the relevant land was added to Schedule 1 of the Act by the *Aboriginal Land Rights Amendment Act 2002*. However, one parcel of land subject to claim (Umbrawarra Gorge Nature Park, comprising Northern Territory Portion 1589) was not included. Under the terms of the 1999 agreement, Application No 128, insofar as it relates to Umbrawarra Gorge Nature Park, is to be withdrawn by the NLC following agreement on future joint management arrangements for the Park and a related grant of Territory freehold title to an entity

representing the claimants. Previous Annual Reports have erroneously recorded Application No 128 as having been wholly disposed of by scheduling.

- Note 17: On 28 June 2013, Royal Assent was given to the *Aboriginal Land Rights and Other Legislation Amendment Act 2013* (No. 93, 2013). These amendments include the addition of two portions of land, which were part of Application No 179, into Schedule 1 of the *Aboriginal Land Rights (Northern Territory) Act 1976*. The remaining portions of land included in Application 179 continue to be the subject of settlement agreement.
- Note 18: The claimed land includes “All that piece of land in the Northern Territory being Northern Territory Portion 4303”, which includes a narrow strip of Crown land (usually referred to as an Esplanade) between the top of the river bank and the boundary of adjacent alienated land.
- Note 19: The land claim application was received on 31 March 1978. Before an inquiry was commenced, the parties agreed to a settlement which was embodied in a Northern Territory statute, the *Cobourg Peninsula Aboriginal Land and Sanctuary Act 1981*, pursuant to which the claimed land was vested in perpetuity in a land trust established under Northern Territory law. On 4 January 1982 the NLC wrote to the then Commissioner indicating that subject to compliance with certain provisions of the abovementioned legislation it was expected the claim would be withdrawn in the near future. Although no formal withdrawal has ever been received the claim has for practical purposes been treated as disposed of until recent years. The NLC, the claimants and the Northern Territory Government are in negotiations to resolve outstanding issues. The Commissioner’s current attitude is that as the land is vested in a body which already holds the land on behalf of Aboriginals he is constrained from exercising any function under s 50(1) of the Act until the consent of the land owner (as required by s 50(2C)) is received.

APPENDIX 2

Letter from the Minister requesting the Commissioner's advice pursuant to s 50(1)(d)

MINISTER FOR INDIGENOUS AFFAIRS

Reference: MC17-052373

The Hon John Mansfield AM QC
Aboriginal Land Commissioner
GPO Box 9932
DARWIN NT 0801

Dear Commissioner 

Thank you for your letter of 8 June 2017, providing a detailed recommendation for a review of detriment issues relevant to 16 land claims previously recommended for grant but not yet finalised, including proposed Terms of Reference.

Pursuant to section 50(1)(d) of the *Aboriginal Land Rights (Northern Territory) Act 1976*, I request you undertake this review and endorse the Terms of Reference provided.

I look forward to receiving your report, which you expect to provide within 12 months of commencing the review. I would appreciate that this is progressed as quickly as possible with a focus on delivering any short-term outcomes within the 16 land claims. In the interim, I would appreciate periodic advice on progress.

I am committed to resolving all remaining land claims as soon as possible and I am keen to see this review contribute to this outcome.

Yours sincerely

NIGEL SCULLION

6/7/2017
